Dear Mr. Sperr:

I am enclosing, herewith, the prints we made the other day. I think we did not give them quite long enough exposure. If there are not satisfactory let me know and I will make them over.

Very truly yours,

Curator

My dear Mr. Wood:

I am enclosing $2.00 in payment for the pictures of Beaver Tokens. Thank you muchly. I thought that the amount of daylight in the room was enough to make up for cutting down the exposure by two or three seconds, and undertimed them as a result, but believe that the prints will do quite nicely.

Again many thanks,

Sincerely yours,

B. P. Speer
